Dearest Madam:

Warmest greetings of peace and prosperity from the NATCCO Network!

We are sincerely glad for the support you have extended to us in our mission of socially and financially empowering the school children, their parents, and the teachers in Benguet. Last February 3-4, 2018, your office allowed us to conduct the training for our new Aflatoun partner schools from La Trinidad. It was a cold weekend, but our program received warm welcome and much eagerness from the teachers who attended the training. Now, we wish to expand our reach in La Trinidad and add more schools to the growing Aflatoun community!

The activity would be the Teachers' Training to introduce the program to the teachers and school administrators. Training is essential to the success of the Aflatoun Program, it aims to produce teachers who are financially-literate and inspired to share the Aflatoun concept to the children. It will also help the participants understand the ideas behind the Aflatoun curriculum. Pupils and teachers will develop skills and strategies that promote personal and financial responsibility related to financial planning, savings, spending, budgeting, and ethical resource management. We are being assisted by another helpful partner cooperative, **Taloy Norte Farmers Multi-Purpose Cooperative**, for this endeavor. In this regard, we would like to ask the Division's support and permission to hold the Teachers' Training thru a memo advisory on the following date:

**Teachers' Training on Aflatoun Child Social and Financial Education**
