**CAPACITY BUILDING OF GRADE 7 AND GRADE 8 ENGLISH, MATHEMATICS, AND SCIENCE TEACHERS ON THE IMPLEMENTATION OF THE NATIONAL LEARNING CAMP**

1. The Department of Education (DepEd), as articulated in MATATAG: Bansang Makabata, Batang Makabansa agenda, has committed to a learning recovery program to address learning losses arising from, among others, the COVID-19 pandemic. Results from national achievement tests (NATs) and international large-scale assessments (ILSAs) highlight the need for additional teaching support to enhance learners' academic performance. Hence, to improve learner outcomes and enhance teacher competence, the National Learning Camp (NLC) shall be conducted this 2022-2023 End-of-School Year (EOSY) break.
2. The implementation of the NLC is a strategic initiative supporting the National Learning Recovery Program (NLRP) and is complemented by programs to improve skills in reading, mathematics, and science. The NLC serves a two-fold objective: to improve learner outcomes and to strengthen teacher competence so they can teach better. This initiative places utmost importance on fostering learner well-being and engagement, promoting inclusive education, and cultivating a positive learning environment where teachers excel and learners flourish.
3. To facilitate the successful implementation of the National Learning Camp, a capacity building of all Grade 7 and Grade 8 English, Math, and Science teachers on the Implementation of the NLC will be conducted on **July 19, 20, and 21, 2023 at Benguet National High School Main**. It aims to capacitate the English, Mathematics, and Science teachers on the goals, objectives, guidelines, and strategies of the National Learning Camp.
4. Attached is the number of teachers per school who will be participating in this activity based on schools' submission. Schools who did not submit are not given slots.
