**INVITATION TO JOIN THE EARTH DAY 2021 CELEBRATION AS PART OF SCHOOL-BASED RESILIENCE CARAVAN PROJECT, Year 3**

1. Pursuant to Presidential Proclamation No. 1481, s. 2008 declaring April 22 of every year as the Philippines Earth Day, the DepEd reaffirms its commitment to strengthening the *makakalikasan* value of learners and personnel, especially in the light of climate change. In this connection, all public and private schools are highly encouraged to initiate activities in observance of Earth Day 2021, as part of the School-Based Resilience Caravan project of SDO-Benguet.
2. The School-Based Resilience Caravan (SBRC) is one of the information education advocacy (IEA) campaign strategies of the SDO-Benguet under the School Governance and Operations Division to help strengthen resiliency of the schools especially the learners, through focused DRRM-CCA advocacy activities. Initially started in 2019, this initiative is now on its third year and has progressed from division-led to school-led. For SBRC-Year 3, suggested activities are focused on Strengthening Learners' Resilience amidst the Pandemic thru Arts. Anent hereto, eight (8) schools with submitted Activity Design in celebration of Earth Day will be provided with prizes for their top 3 winners in support to their efforts aligned with SBRC.
3. Further, all schools are encouraged to participate in the online celebration of Earth Day with the theme: "PINASiglang Mundo (Restore the Earth)" on 20-22 April 2021. See Enclosure 1 for details.
4. For widest dissemination and compliance.

In addition, DepEd supports the **program of the Climate Change Commission (CCC) on 22 April 2021, 7:30 a.m. - 3:30 p.m.** Interested DepEd personnel and learners may submit their Earth Day Pledge at <http://bit.ly/DepEdEarthDayPledge2021> **not later than 08 April 2021.** Kindly refer to Enclosure 3 for more information.

Also, learners and personnel are invited to the **ZOOMba session at 7:30-7:45 a.m.** where they are encouraged to post their action photos with the following hashtags for monitoring purposes: #RestoreOurEarth, #WalangPlastikan, #PlasticFreePH, #EarthDay2021, and #DepEdClimateAction. The Department reminds learners and personnel to exercise due diligence in the use of social media.

There will be no registration fee, and pre-registration is not required. The activities will be streamed live at the DepEd Philippines Facebook Page at <https://www.facebook.com/DepartmentOfEducation.PH>.

For DepEd-led activities, certificates will be given after program evaluation and a short quiz through a link which will be provided at the end of each session. For CCC-led activities, learners and personnel may send a screenshot of their attendance at <http://bit.ly/EarthDay2021RequestforCerts>.

Schools and offices may initiate activities in observance of Earth Day 2021. Activities conducted at a distance are recommended, in consideration of the ongoing pandemic. Health and safety protocols should be followed at all times.

Please refer to the enclosed documents for more information.

For queries and concerns on these activities, kindly contact the Disaster Risk Reduction and Management Service (DRRMS) through (02) 8637-4933 or email at [drmo+ccam@deped.gov.ph](mailto:drmo+ccam@deped.gov.ph). **EARTH DAY CELEBRATION CUM YES-O ASSEMBLY  
20-22 April 2021**

**Theme: "PINASiglang Bansa (Restore Our Earth)"**

## **I. Rationale**

Earth Day Network (EDN), the organizing body for Earth Day worldwide, announced that the theme of Earth Day 2021 is "**Restore Our Earth.**" The theme is based on the emerging concept that rejects the idea that our only options to save the planet are to mitigate or adapt to the impacts of climate change and other environmental damage. Scientists, non-governmental organizations (NGOs), businesses, and governments worldwide are now looking at natural system processes and emerging green technologies to restore the world's ecosystems and forests, conserve and rebuild soils, improve farming practices, restore wildlife populations, and rid the world's oceans of plastics.

While the world awaits for global political and business leaders to take decisive action to reduce carbon emissions, natural processes including reforestation and soil conservation can store massive amounts of carbon while restoring biodiversity, clean water and air, and rebalancing ecological systems. Restoration is pragmatic and necessary to reduce climate change.

The restoration also brings hope which is important in the age of COVID-19. The impacts of the pandemic have illustrated with painful clarity that the planet faces two crises and they are connected: global environmental degradation and its connection to health. Deforestation, wildlife trade, air and water pollution, human diets, climate change, and other issues have all fed into a breakdown of our natural systems, leading to new and fatal diseases, such as the current pandemic, and a breakdown of the global economy.<sup>1</sup>

In this connection, the Department of Education (DepEd), through the Bureau of Learner Support Services – Youth Formation Division (BLSS-YFD) and Disaster Risk Reduction and Management Service (DRRMS) in partnership with DepEd Region IV-A and Schools Division Office (SDO) of Dasmariñas City with the support of the Public Affairs Service (PAS), will conduct a virtual 3-day interactive Earth Day Celebration. This is in coordination with the Climate Change Commission (CCC) and its partners.

## **II. Objectives**

The Earth Day celebration aims to

1. promote environment protection among DepEd stakeholders;
2. rally more learners and personnel to be engaged to environment actions;
