1. In preparation for the upcoming PISA assessment this coming March 2025, schools are to conduct drills for all 15-year-old learners in **all schools**. These drills aim to familiarize students with the types of tasks and questions they will encounter during the assessment to make them better prepared, comfortable with the format, and able to perform to the best of their abilities when the actual assessment takes place.
2. The school ICT coordinator should facilitate the conduct of the practice drills starting from December 9, 2024 onwards. The learners' highest score after three tries will be recorded. The link for the PISA Aligned Practice Assessment:
