**ADVISORY**  
 January 7, 2022

**2022 INTERNATIONAL STUDENT VIDEO CONTEST BY THE INTERNATIONAL ATOMIC ENERGY AGENCY (IAEA)**

The International Atomic Energy Agency (IAEA), as conveyed by the Department of Foreign Affairs, will hold the International Student Video Contest with the theme, "The Role of Nuclear Technology in Addressing Climate Change". This contest is organized in conjunction with the International Conference on Nuclear Knowledge Management and Human Resources Development: Challenges and Opportunities, to be held in Moscow, Russia on June 13-16, 2022.

The IAEA invites public and private school learners to participate in the video contest with the following salient points:

- The contest is open to teams composed of up to four (4) students, ages up to 18 years old, with at least 50% female representation.
- Teams are invited to produce a three (3) minute video on the role of nuclear technology in addressing climate change.
- The top five (5) finalists will be presented at the IAEA conference in Moscow and be given certificates and awards.
- The winning team will also get electric bicycles from the Russian State Atomic Energy Corporation (ROSATOM).

More information on the contest may be found in the contest's attached announcement, guidelines and promotional poster. Additional information can be found on IAEA's dedicated webpage, or through this link: <https://bit.ly/3vzAA2z>.

# International Student Video Contest Role of nuclear technology in addressing climate change

In conjunction with the  
International Conference on Nuclear Energy for  
Sustainable Development

Open to  
students up  
to age 18

Deadline  
for abstract  
submissions:  
31 January  
2022

#NKMHRD

Organized by the

**IAEA**

International Atomic Energy Agency

hosted by the Government of the Russian Federation

through the  
State Atomic Energy Corporation  
Rosatom

**IAEA**

International Atomic Energy Agency

**International Conference on  
Nuclear Knowledge Management and Human Resource  
Development: Challenges and Opportunities  
13-16 June 2022, Moscow, Russia**

**ANNOUNCEMENT  
International Student Video Contest**

**THEME**

**Role of nuclear technology in addressing climate change**

This Video Contest aims to promote discussion on the impact of nuclear technology in addressing climate change, by inviting students to produce a short video on the topic in an engaging and entertaining way.

Students can present the role of nuclear technology in addressing climate change:

- To themselves as individuals, communities, regions, countries
- Through Innovation / technology
- Its issues / benefits
- On their potential inspiring careers, etc.

**PARTICIPANTS**

- Teams of up to 4 students, age up to 18, with at least 50% female representation. Teachers can be advisors.
- Teams may be composed of students from a single school, or from a number of schools working together in IAEA Member States. No more than one entry per team can be considered.

## CRITERIA

- Digital Media/Videos should demonstrate understanding of nuclear technology and its impacts
- Media can combine theoretical and practical content in a creative way
- Content needs to be as scientifically accurate as possible
- Media content should be original, i.e. no copyright material (such as music, images or videos not created by participants) should be used
- Videos should be no longer than 3 minutes
- The number of likes on YouTube video will be considered

## SUBMISSIONS

- A registration form for the contest should be uploaded to the INDICO Student Video Contest 2022 page.
- On this form, the data of the team members (submitted through the Microsoft form), abstracts (using INDICO Call for Abstracts) with an outline of what will be produced, including motivation, outcome, methods, further thoughts, etc, should be given
- Top twenty-five (25) % teams will be shortlisted (prior to the conference)
- Shortlisted teams are required to send a link to their videos (maximum 3 minutes) in an e-mail address: NKM-HRD2022@iaea.org rather than sending them attached
- Videos can be shot with mobile phones in landscape mode
- Videos in a language other than English must have English subtitles
- Participants must upload all videos on YouTube by the deadline
- Participants can also upload videos on multiple social media such as Facebook, Twitter, and hashtags can be used
- Five teams of finalists to be awarded/prior or before the conference
- All finalists will be given certificates and awards
- The winner of the Student Video Contest will be selected based on the number of votes for Video via conference app

## DEADLINES

- Submission of Project Abstract: **31 January 2022**
- Notification of 25% shortlisted participants: **28 Feb 2022**
- Submission of digital media presentations: **20 March 2022**
- Notification of 5 finalists: **30 April 2022**

**IAEA**

International Atomic Energy Agency

**International Conference on  
Nuclear Knowledge Management and Human Resource  
Development: Challenges and Opportunities  
13-16 June 2022, Moscow, Russia**

**GUIDELINES**

**International Student Video Contest  
Role of nuclear technology in addressing climate change**

**PARTICIPANTS**

Teams of up to 4 students, age up to 18, with at least 50% female representation. Teachers can be advisors.

Teams may be composed of students from a single school, or from a number of schools working together in IAEA Member States. No more than one entry per team can be considered.

**STAGE 1: ABSTRACTS**

Submissions for the contest should be uploaded to the [INDICO Student Video Contest 2022 page](#).

Each submission should include the following:

- (a) Short description of video (maximum 300 words), submitted through the [INDICO Call for Abstracts](#), providing the outline of *what* will be produced, including motivation, outcome, methods, further thoughts, etc.; and
- (b) Team composition details (students' names and date of birth, accompanying teacher's name and official title in the school, school's full address) using the [Microsoft form](#).

Abstracts must be in English.

---

copyright or that an appropriate copyright permission is obtained.

In addition, by submitting the project summary, participants agree to assign to the IAEA the copyright to publish the video on the IAEA website, social media and other platforms and certify that no other rights have been granted which could conflict with the right hereby given to the IAEA.

The deadline for submission is **20 March 2022 midnight (CET)**. Submissions received after this date will not be considered. Once the video has been submitted, there will be no opportunity to revise it. If an infringement of copyright is notified at any stage of the competition, the team will be immediately disqualified.
